

Traprock Movie Collection  
List by SUBJECTS  
(as of July 5, 2010)

NOTES

1. Subjects listed in ALPHABETICAL order. TITLES under each subject listed in alphabetical order by the first word. (“A”, “An”, and “The” are not counted as first words of a title.)
2. Titles usually listed under title content, not person. (Example: David Ray Griffin: 9/11 and the American Empire)
3. When titles are listed under a person’s name, listed by last name. (Example: Tom Hayden at Roxbury)
4. For both #2 and #3 above—when listed/shelved other than the beginning word of a title—you should see an underline on the part of the title under which it is listed/shelved.
5. Usually (parenthesis) sends you to where that title is listed/shelved.
6. Titles which BEGIN with NUMERALS (e.g. 9/11...; 648 Ways...) are listed and shelved BEFORE the alphabetical list.
7. VHS and DVD formats are shelved in SEPARATE places. That’s why the FORMAT in the listings is important.
8. To learn more about a title, find it on the MOVIE TITLE LIST, listed separately.
9. When checking out one of multiple copies of a title, tell in the LIBRARY Check Out Book which copy you take.
10. If you find something in our listing that isn’t accurate, or if a Subject should be added, please bring it to our attention. Thanks!
